

Important Registration Information

According to Ohio Preschool regulations, each child, on a yearly basis, must have a complete medical and developmental history signed and dated by the physician and a dental form, signed by a dentist or your primary doctor.

If you need assistance with scheduling a physical or dental appointment, the preschool office has a list of providers that offer services.

Required immunizations for preschoolers are four DPT, three Polio, one MMR (Measles, Mumps and Rubella), Hepatitis A, Hepatitis B, HIB shots, Influenza, Varicella Vaccine (chickenpox) and other Pneumococcal Vaccinations.

The Ohio Department of Education is requiring Lead & Hematocrit or Hemoglobin screenings for children enrolled in a preschool program. Your physician may indicate on the form that this screening is not necessary.

All paperwork must be completed and mailed or dropped off at the preschool office, located at 420 Washington Avenue, Cuyahoga Falls, OH 44221, before your child can begin the program. Failure to complete the registration packet will forfeit your child's assignment in the program.

Remember your child's medical statement and dental forms must be completed and signed by the doctor and dentist.

We are looking forward to your child attending preschool during the 2015-2016 school year. If you have any further questions regarding these medical or dental forms, please call the preschool nurse at 330-945-5600 (ext. 511292) or email the nurse at SchoolN@cybersummit.org.

Thank you.
