# SUMMIT FEDERAL CREDIT UNION

As an employee of **Summit ESC**, you and your immediate family members are eligible to join Summit FCU!

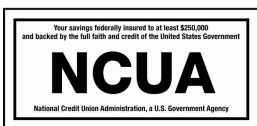

## WHAT IS SUMMIT FEDERAL CREDIT UNION?

First and foremost, we are **not** a bank. Summit FCU operates on a "people helping people" creed. Unlike banks that must generate profit to satisfy stockholders, usually through extremely high fees and expensive products, Summit FCU is a not-for-profit, cooperative financial organization. What does this mean for you? It means excess earnings are returned to members through:

- Higher rates on savings and investment accounts
- Lower interest rates on loans
- No or low service fees
- New products and services aimed to benefit members.

Credit unions are also member owned. When you open an account with Summit Federal Credit Union, you become part owner. The Board of Directors is made up of volunteers, people like you, elected by and from the membership. Their objective is to represent the best interests of the total membership. The decisions made by the board are not influenced by personal gain or the need to generate profits for stockholders; they are the stockholders!

Most of all, Summit FCU cares about you. Our goal is to provide products and services that aid and assist in delivering prosperity to each member. The better off our members, the stronger we are as a cooperative, and the more we can do for each other.
