

LIFTING LEADERS

WHERE LEARNING INFORMS AND INSPIRES LEADERSHIP

So you might want to consider transitioning to the position of Treasurer?

This will be an informative overview to help you decide if you want to pursue this career path...

Terry Armstrong took a "Long and Winding Road" as the path to School Treasurer. Following working in the private sector and local government for fifteen years, Terry followed his dream of becoming a Social Studies Teacher. This led to an opportunity to become High School Principal and later served six years as Lordstown Local Schools Superintendent.

While at Lordstown Local Schools, Terry became active in advocating for school funding reform, ultimately leading to moving to the financial side of school governance and became a School Treasurer. He just began his third year as a School Treasurer having served in Boardman Local Schools and presently at Newton Falls. Terry and his family live in Warren, Ohio and recently published a book with his daughter Moira chronicling their travels seeing classic rock concerts (Aerosmith to ZZ top: a Dad and Daughter's Rock and Roll Journey).
