

# Effective Mathematics Practices

**Day 1: 11/19/2019**

**Day 2: 2/11/2020**

**Time:** 8:30 a.m.—3:00 p.m.

**Cost:** \$70.00 for 2 Day Series

**Contact Hours:** 11 Total

**Presented By:** Steve Miller

**Online Registration:**

[www.summitesc.org](http://www.summitesc.org)

Lunch on your own

## Learning Objectives:

Effective mathematics instruction provides opportunities for students to develop perseverance and persistence in approaching problems in which they are not familiar. We want our students to have ideas on how to move forward in solving problems even if at times they might get stuck.

Strategies will be shared that encourage students to explain and reflect on their thinking which will foster ideas of an "I can do it" mindset. These strategies can be adopted into all content areas.

**Questions?** Contact Holly S. at 330-945-5600 ext. 511270 or [hollys@summitesc.org](mailto:hollys@summitesc.org)

We plan our programming based on your registration.  
Therefore, we will not issue refunds if you do not attend.
