

## Promoting Deeper Learning with Depth of Knowledge

### Dr. Karin Hess

The Summit Educational Service Center is pleased to host Dr. Karin Hess. Dr. Hess has over 35 years experience as an international leader in developing practical approaches for using cognitive rigor and learning progressions as the foundation for formative, summative, and performance assessments.

For almost 15 years at the Center for Assessment in Dover, NH, Dr. Hess distinguished herself as a content and curriculum and assessment expert in multiple content areas. She has effectively guided many states and US territories in the development of grade level expectations and test specifications for both general education and alternate assessments for significantly cognitively disabled students.

## October 23, 2019

8:30 a.m.—3:00 p.m.

**Where:** St. George Fellowship

*3204 Ridgewood Rd.*

*Fairlawn, OH*

**For:** Teachers, Administrators,  
Curriculum Directors, Superintendents

**Cost:** \$100 + \$ 45 material fee (book)

**Register Online:**

[www.summitesc.org](http://www.summitesc.org)

At this session, Dr. Hess will provide an overview of Depth of Knowledge and its influence on instruction in the classroom and overall student achievement.

- ◆ **Designing Assessment Items at Different DOK Levels:** She will address how to design a good assessment. This will include: examples, a template for the design, and how to determine and design different items at various depth of knowledge levels.
- ◆ **influence on Instruction:** She will also discuss how the role of the teacher and the student shifts as the level of DOK changes. As the teacher and student roles shift, the classroom looks different.
- ◆ **Increasing overall student achievement:** Dr. Hess will address how to engage students in productive struggle and increase their resiliency and stamina with more rigorous item tasks.
